1. Housing Needs of Families in the Jurisdiction/s Served by the PHA and Strategy for Addressing Housing Needs

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

1 Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- : Employ effective maintenance and management policies to minimize the number of public housing units off-line
- : Reduce turnover time for vacated public housing units Reduce time to renovate public housing units
- : Seek replacement of public housing units lost to the inventory through mixed finance development
- : Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- : Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction
- : Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- : Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- : Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- : Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- : Other (list below)
The BHA is engaging in partnerships with other agencies to better service the needs of our population and create family supported housing programs.

Strategy 2: Increase the number of affordable housing units by:

Select all that apply:

- : Apply for additional section 8 units should they become available
- : Leverage affordable housing resources in the community through the creation of mixed - finance housing
- : Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- : Other: (list below)

Add market uses to sites where appropriate to help leverage financing that will ultimately be used to preserve affordable units 1:1.

BHA is eager to pursue any and all sources for the preservation and/or creation of new public housing units including using its existing Faircloth authority in conjunction with the RAD program, subsequently rebranded by HUD as Restore-Rebuild.

In July 2023, HUD issued Supplement Notice 4B to its RAD Notice (H-2023-08 PIH-2023-19) which, among other things, provided guidance about how housing authorities could use their Faircloth capacity in conjunction with RAD to create new project-based voucher units through a

Faircloth-to-RAD mechanism, subsequently rebranded by HUD as Restore-Rebuild. BHA intends to diligently pursue this new pathway.

One particular goal is to leverage public land as sites for Restore Rebuild housing development. BHA will work closely with the City of Boston to identify opportunities at what the City considers “High Opportunity Sites” as identified in its 2022 Public Land for Public Good: Citywide Land Audit.”

The goal of implementing SAFMR exception payment standards is to (1) to expand choice for voucher holders and decrease the concentration of vouchers in high poverty areas; (2) to preserve people's ability to remain where they are preventing displacement and the exacerbation of gentrification and (3) to minimize the effects of artificially inflating rent in the City of Boston. PHA use to establish comparability? (select all that apply.)

- : Survey of similar unassisted units in the neighborhood
- : Other (list/describe below) HOPE VI sites set their own flat rents. For updated flat rent information, contact the respective management offices. Flat rents are not applicable to redeveloped properties and any property that had a subsidy conversion.

The Boston Housing Authority will set the flat rental amount for each public housing unit that complies with the requirement that all flat rents be set at no less than 80 percent of the applicable Fair Market Rent (FMR) adjusted, if necessary, to account for reasonable utilities costs. For current program participants that pay the flat rental amount, the new flat rental amount will be offered, as well as the income-based rental amount, at the next annual rental option.

The Boston Housing Authority will place a cap on any increase in a family's rental payment that exceeds 35 percent, and is a result of changes to the flat rental amount as follows:

- Multiply the existing flat rental payment by 1.35 and compare that to the updated flat rental amount;
- The BHA will automatically default the family to the lower of the present two rent options to the family as follows:
 - the lower of the product of the calculation and the updated flat rental amount; and
 - the income-based rent.

The family will be notified in their rent determination notice that if they would instead like to pay the higher amount, that they must notify the BHS in writing within ten (10) days of receipt of their notice of rent share.

The Flat rent amount by bedroom size will be reviewed yearly and any necessary changes will become effective thereafter. The BHA will maintain a current listing of its flat rent schedule as an appendix to the BHA Rent Manual and will provide this list to residents at least annually as part of the TSR recertification process.

A. Financial Hardship: Residents who choose flat rents may request to change to an income-based rent at any time if the family is unable to pay the flat rent because of financial hardship. A financial hardship exists for these purposes when a family's income is reduced or their deductions are increased to the extent that an income-based rent is lower than the flat rent.

In addition, the management assessment form used to evaluate performance at each site for both private management companies and in-house managers is available. Resident input in the evaluation of private management companies is considered through 1-2 private meetings with the resident organizations during the term of the

2. Program Description: In accordance with the regulations promulgated by the Secretary of the United States Department of Housing and Urban Development, the Boston Housing Authority has implemented a Housing Choice Voucher Homeownership program. The mission of the Authority is to provide homeownership possibilities, self-sufficiency training and support, and facilitate community growth, while providing parameters which will attempt to minimize defaults which consequently have a negative impact on both the family and the community.

The BHA's Section 8 Homeownership Option of the Housing Choice Voucher Program ("homeownership program" or "homeownership assistance") is designed to promote and support homeownership by a "first-time" homeowner—a Family that moves for the first time from rental housing to a Family-owned Home. Under the Homeownership Program, HCVP Assistance payments supplement the Family's own income to facilitate the transition from rental to homeownership.

The Leased Housing Department has partnered with the City of Boston Mayor's Office of Housing (MOH). MOH has an established First Time Home Buyers program. By partnering with our sister agency, the Leased Housing Division has dramatically expedited the implementation of this program. The partnership has strengthened and effectively broadened the impact of homeownership opportunities within the City by providing services, support and expertise in a myriad of areas.

ELIGIBILITY ISSUES

The homeownership option has and will continue to be offered to families participating in the Housing Choice Voucher Program (HCVP) and Moderate Rehabilitation Program (Mod Rehab).

The BHA's Section 8 Homeownership program is generally limited to first time home buyers who are current Housing Choice Voucher program Participants (including Mod Rehab) or BHA Public Housing Residents. Public Housing residents may qualify for the Homeownership Voucher once they meet eligibility requirements. Residents shall be placed on a list and given priority status to allow them to

accomplish the home purchase.

APPLICATION PROCESS

Families applying or participating in the HCVP and the Mod Rehab program who indicate homeownership interest will have their eligibility determined by the Leased Housing Department's Section 8 personnel. At the same time, the family will be referred to a HUD approved housing counseling agency, primarily to Mayor's Office of Housing (MOH) First Time Home Buyers Program or a similarly qualified agency, for the purpose of learning about the various responsibilities of owning a home. The topics may include, but not be limited to the following: home maintenance, budgeting and money management, credit counseling, financing, homeownership opportunities, fair housing lending and real estate settlement procedures. If necessary, the Authority may offer additional homeownership counseling to participants and has discretion to require the family to participate in ongoing counseling.

Final applications for the homeownership program will be given to interested and preliminarily qualified applicants upon request. Completed final applications will be reviewed for eligibility status. If an applicant is deemed ineligible and is denied, the BHA will afford the Family the right to an informal review regarding such denial.

After the BHA has determined an applicant finally eligible to participate in the Homeownership program, the BHA will conduct a briefing session at which time it will issue applicants a homeownership "Voucher". This homeownership "Voucher" will be issued according to the BHA's Family Unit Size Subsidy Standards which are applicable to the Housing Choice Voucher Program. At this briefing session, the BHA must advise the Family of any deadlines on locating a Home, securing financing, and purchasing the Home. In establishing such time limits, the BHA should ensure that a Family who has executed a sales contract is provided reasonable time to close on the purchase of the Home.

Qualified applicants in this program must participate in and satisfactorily complete a qualified BHA approved first-time homebuyer classes before commencement of homeownership assistance.

The counseling will be provided by HUD-certified housing counseling or working for agency approved to participate in HUD's Housing Counseling Program. HUD-approved housing counseling agencies provide free counseling. The HUD field office will provide the BHA with a list of the HUD-approved counseling agencies.

a. Size of Program

Residents will be notified of this at least 90 days before the recertification date and required documentation will be specified in the notice. If a resident does not complete community service as required he or she will have one additional year to make up the required service. If the non-compliant resident does not do so or leave the unit, lease termination proceedings will commence.

B. Dating Violence – means violence committed by a person—

(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(B) where the existence of such a relationship shall be determined based on a consideration of the following factors:

(i) The length of the relationship.

(ii) The type of relationship.

(iii) The frequency of interaction between the persons involved in the relationship.

C. Stalking – means –

(A) (i) to follow, pursue, or repeatedly commit acts with the intent to kill, injure, harass, or intimidate another person; and (ii) to place under surveillance with the intent to kill, injure, harass or intimidate another person; and
(B) in the course of, or as a result of, such following, pursuit, surveillance or repeatedly committed acts, to place a person in reasonable fear of the death of, or serious bodily injury to, or to cause substantial emotional harm to –
(i) that person;
(ii) a member of the immediate family of that person; or
(iii) the spouse or intimate partner of that person;

D. Sexual assault – means, any nonconsensual sexual act proscribed by Federal, tribunal, or State law, including when the victim lacks capacity to consent;

E. Affiliated individual - means, with respect to a person –

(A) a spouse, parent, brother, sister, or child of that person, or an individual to whom that person stands in loco parentis; or
(B) any person, tenant, or lawful occupant living in the household of that person .

F. Perpetrator – means person who commits an act of domestic violence, dating violence, sexual assault or stalking against a victim.

V. Admissions and Screening

A. Denial of Assistance. BHA will not deny admission to public housing or to the Section 8 rental assistance program to any person because that person is or has been a victim of domestic violence, dating violence, sexual assault or stalking, provided that such person is otherwise qualified for such admission.

B. Admissions Preference. Applicants for Public Housing and Section 8 housing assistance from BHA will receive a priority in admission by virtue of their status as victims of domestic violence. This priority is described for Public Housing in the BHA's ACOP and for Section 8 in its Admin Plan.

C. Mitigation of Disqualifying Information. When requested by an applicant for assistance whose history includes incidents in which the applicant was a victim of domestic violence, dating violence, sexual assault and/or stalking, BHA, may take such information into account in mitigation of potentially disqualifying information, such as poor credit history or previous damage to a dwelling. If requested by an applicant to take such mitigating information into account, BHA shall be entitled to conduct such inquiries as are reasonably necessary to verify the claimed history of domestic violence, dating violence, sexual assault and/or stalking and its probable relevance to the potentially disqualifying information. BHA may disregard or mitigate potentially disqualifying information if the applicant household includes a perpetrator of a previous incident or incidents of domestic violence, dating violence, sexual

assault and/or stalking.

VI. Termination of Tenancy or Assistance

A. VAWA Protections. Under VAWA, public housing residents, and persons assisted under the Section 8 rental assistance program, have the following specific protections, which will be observed by BHA in administration of its programs:

1. An incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking will not be considered to be a "serious or repeated" violation of the lease by the victim or threatened victim of that violence and will not be good cause for terminating the tenancy or occupancy rights of or assistance to the victim of that violence.
2. In addition to the foregoing, tenancy or assistance will not be terminated by BHA as a result of criminal activity, if that criminal activity is directly related to domestic violence, dating violence, sexual assault or stalking engaged in by a member of the assisted household, a guest or another person under the tenant's control, and the tenant or an affiliated individual is the victim or threatened victim of this criminal activity. However, the protection against termination of tenancy or assistance described in this paragraph is subject to the following limitations:

(a) Nothing contained in this paragraph shall limit any otherwise available authority of BHA or a Section 8 owner or manager to terminate tenancy, evict, or to terminate assistance, as the case may be, for any violation of a lease or program requirement not premised on the act or acts of domestic violence, dating violence, sexual assault or stalking in question against the tenant or a member of the tenant's household. However, in taking any such action, neither BHA nor a Section 8 manager or owner may apply a more demanding standard to the victim of domestic violence, dating violence, sexual assault or stalking than that applied to other tenants.

(b) Nothing contained in this paragraph shall be construed to limit the authority of BHA or a Section 8 owner or manager to evict or terminate from assistance any tenant or lawful applicant if the owner, manager or BHA, as the case may be, can demonstrate an actual and imminent threat to other tenants or to those employed at or providing service to the property, if the tenant is not evicted or terminated from assistance.

(c) Nothing contained in this paragraph shall limit any otherwise available authority of the BHA, or a Section 8 owner or manager to honor various court orders issued to either protect the victim or address the distribution of property in case a household breaks up.

B. Removal of Perpetrator. Further, notwithstanding anything in paragraph VI.A.2. or Federal, State or local law to the contrary, BHA or a Section 8 owner or manager, as the case may be, may bifurcate a lease, or remove a household member from a lease, without regard to whether a household member is a signatory to a lease, in

order to evict, remove, terminate occupancy rights, or terminate assistance to any individual who is a tenant or lawful occupant and who engages in acts of physical violence against an affiliated individual or other individual. Such action against the perpetrator of such physical violence may be taken without evicting, removing, terminating assistance to, or otherwise penalizing the victim of such violence who is also the tenant or an affiliated individual. Such eviction, removal, termination of occupancy rights, or termination of assistance shall be effected in accordance with the procedures prescribed by law applicable to terminations of tenancy and evictions by BHA. If such bifurcation occurs, and the removed tenant or lawful occupant was the sole tenant eligible to receive assistance the BHA will provide any remaining household member the opportunity to establish eligibility for housing.

Leases used for all public housing operated by BHA and leases for dwelling units occupied by families assisted with Section 8 rental assistance administered by BHA, presently contain provisions setting forth the substance of this paragraph or as required by the U.S. Department of Housing & Urban Development.

VII. Verification of Domestic Violence, Dating Violence, Sexual Assault, or Stalking

A. Requirement for Verification. For those seeking protection under this Policy, the law allows, but does not require, BHA or a Section 8 owner or manager to verify that an incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking claimed by a tenant or an affiliated individual is bona fide and meets the requirements of the applicable definitions set forth in this policy.

Subject only to waiver as provided in paragraph VII. C., BHA shall require verification in all cases where an individual claims protection against an action involving such individual proposed to be taken by BHA. If there is reason to believe that verification is incomplete or inaccurate, the BHA may require additional documentation of the incident(s). Such documentation requirement shall not place the victim in danger. As necessary, the BHA shall work with the victim to identify appropriate sources of documentation. Section 8 owners or managers receiving rental assistance administered by BHA may elect to require verification, or not to require it as permitted under applicable law.

Verification of a claimed incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking can be accomplished in one of the following three ways:

1. HUD-approved form - by providing to BHA or to the requesting Section 8 owner or manager a written certification, on a form approved by the U.S. Department of Housing and Urban Development (HUD) and available from BHA, that the individual is a victim of domestic violence, dating violence, sexual assault or stalking; that the incident or incidents in question are bona fide incidents of actual or

threatened abuse meeting the requirements of the applicable definition(s) set forth in this policy. The incident or incidents in question must be described in reasonable detail as required in the HUD-approved form, and the completed certification must include the name of the perpetrator. If there is reason to believe that the certification is incomplete or inaccurate, the BHA may require additional documentation of the incident(s). Such documentation requirement shall not place the victim in danger. As necessary, the BHA shall work with the victim to identify appropriate sources of documentation.

2. Other documentation - by providing to BHA or to the requesting Section 8 owner or manager documentation signed by an employee, agent, or volunteer of a victim service provider, an attorney, or a medical professional, from whom the victim has sought assistance in addressing the domestic violence, dating violence, sexual assault or stalking, or the effects of the abuse, described in such documentation or a record of an administrative agency or documentation signed by the applicant or tenant and a mental health professional from whom the applicant or tenant has sought assistance relating to domestic violence, sexual assault or stalking, or the effect of such actions, and states under penalty of perjury, that the mental health professional believes that the domestic violence, dating violence, sexual assault, or stalking meets the requirement found in VAWA 2013. A form is available from BHA. The professional providing the documentation must sign and attest under penalty of perjury (28 U.S.C. 1746) to the professional's belief that the incident or incidents in question are bona fide incidents of abuse meeting the requirements of the applicable definition(s) set forth in this policy. The victim of the incident or incidents of domestic violence, dating violence, sexual assault or stalking described in the documentation must also sign and attest to the documentation under penalty of perjury.

3. Police or court record – by providing to BHA or to the requesting Section 8 owner or manager a Federal, State, tribal, territorial, or local police or court record describing the incident or incidents in question.

B. Time allowed to provide verification/ failure to provide. An individual who claims protection against adverse action based on an incident or incidents of actual or threatened domestic violence, dating violence, sexual assault or stalking, and who is requested by BHA, or a Section 8 owner or manager to provide verification, must provide such verification within 14 business days (i.e., 14 calendar days, excluding Saturdays, Sundays, and federally-recognized holidays) after receipt of the request for verification. Failure to provide verification, in proper form within such time will result in loss of protection under VAWA and this policy against a proposed adverse action. Time for response will be extended upon a showing of good cause.

C. Waiver of verification requirement. The Administrator of the BHA or her Designee, or a Section 8 owner or manager, may, with respect to any specific case, waive the above-stated requirements for verification and provide the benefits of this policy based on the victim's statement or other corroborating evidence. Such waiver may be granted in the sole discretion of the Administrator/Designee, owner or manager. Any such waiver must be in writing. Waiver in a particular instance or

instances shall not operate as precedent for, or create any right to, waiver in any other case or cases, regardless of similarity in circumstances.

VIII. Confidentiality

A. Right of confidentiality. All information (including the fact that an individual is a victim of domestic violence, dating violence, sexual assault or stalking) provided to BHA or to a Section 8 owner or manager in connection with a verification required under section VII of this policy or provided in lieu of such verification where a waiver of verification is granted, shall be retained by the receiving party in confidence and shall not be entered in any shared database nor provided to any related entity, except where disclosure is:

- 1.requested or consented to by the individual in writing, or
- 2.required for use in a public housing eviction proceeding or in connection with termination of Section 8 assistance, as permitted in VAWA, or
- 3.otherwise required by applicable law.

B. Notification of rights. All tenants of public housing and tenants participating in the Section 8 rental assistance program administered by BHA shall be notified in writing concerning their right to confidentiality and the limits on such right to confidentiality.

IX. Transfer to New Residence

A. Application for transfer. The opportunity to transfer in Public Housing due to incidents of domestic violence, dating violence, sexual assault and/or stalking is described in the BHA's Admissions and Continued Occupancy Policy (ACOP). The opportunity to relocate in the Section 8 rental assistance program due to incidents of domestic violence, dating violence and/or stalking is described in the BHA Administrative Plan. Except with respect to portability of Section 8 assistance, as provided in section B below, the decision to approve or disapprove a transfer shall be made in accordance with the ACOP or Administrative Plan, as applicable. This policy does not create any additional right on the part of any public housing tenant or Section 8-assisted tenant to be granted a transfer.

B. Portability. Notwithstanding the foregoing, a Section 8-assisted tenant will not be denied portability to a unit in another location (notwithstanding the term of the tenant's existing lease has not expired, or the family has not occupied the unit for 12 months) so long as the tenant has complied with all other requirements of the Section 8 program and has moved from the unit in order to protect the health or safety of an individual member of the household who is or has been the victim of domestic violence, dating violence, sexual assault or stalking and who reasonably believes that the tenant or other household member will be imminently threatened by harm from further violence if the individual remains in the present dwelling unit.

X. Court Orders/Family Break-up

A. Court orders. It is BHA's policy to honor orders entered by courts of competent jurisdiction affecting individuals assisted by BHA and their property. This includes cooperating with law enforcement authorities to enforce civil protection orders issued for the protection of victims and addressing the distribution of personal property among household members in cases where a family breaks up.

B. Family break-up. Other BHA policies regarding family break-up are contained in BHA's ACOP and its Section 8 Administrative Plan.

XI. Relationships with Service Providers

It is the policy of BHA to cooperate with organizations and entities, both private and governmental, that provide shelter and/or services to victims of domestic violence, dating violence, sexual assault and/or stalking. If BHA staff become aware that an individual assisted by BHA is a victim of domestic violence, dating violence or stalking, BHA will provide the victim with written materials about such providers of shelter or services. However, and notwithstanding the foregoing, this Policy does not create any legal obligation requiring BHA either to maintain a relationship with any particular provider of shelter or services to victims of domestic violence, dating violence, sexual assault and/or stalking or to make a referral in any particular case. BHA's annual public housing agency plan shall describe those providers of shelter or services to victims of domestic violence, dating violence and/or stalking known to BHA.

XII. Notification

BHA shall provide written notification to applicants, tenants, and Section 8 owners and managers, concerning the rights and obligations created under VAWA relating to confidentiality, denial of assistance and, termination of tenancy or assistance.

XIII. Relationship with Other Applicable Laws

Neither VAWA nor this Policy implementing it shall preempt or supersede any provision of Federal, State or local law that provides greater protection than that provided under VAWA for victims of domestic violence, dating violence sexual assault, or stalking.

XIV. Amendment

This policy may be amended from time to time by BHA as approved by its Administrator following an opportunity for notice and comment by interested parties.

Description of Violence Against Women Act (VAWA) activities, services, or programs:

BHA staff provide information and referral services to victims of domestic violence. Periodic VAWA and domestic violence trainings have occurred and will continue to occur with both internal and external trainers.

Both the Public Housing Admissions and Continued Occupancy Policy and the Leased Housing Administrative Plan contain a priority for serving victims of domestic violence for admission. The BHA public housing transfer policy gives a priority for victims of domestic violence as an Administrative transfer.

The BHA public safety department provides protective services above and beyond that of the Boston Police Department to BHA victims of domestic violence to both prevent domestic violence and to enhance survivor safety. BHA Police Department Officers receive extensive police academy training and updates on domestic violence. They are able to advise victims as to seeking protective orders and resources.

A partial listing of Violence Against Women Act (VAWA) Resources is below. These resources are posted on the BHA public drive and all staff have been advised of its location alongside the VAWA policy. In addition, the BHA will create a VAWA resources link section on its website.

10. Pets

Summary of the Elderly/Disabled Pet Policy and the Family Pet Policy

In compliance with HUD requirements, the Boston Housing Authority has adopted pet policies and rules for all developments authorizing the keeping of pets in BHA developments and incorporated them in the BHA public housing lease. The primary purpose of the rules is to establish reasonable requirements for the keeping of common household pets in order to provide a safe and sanitary environment. The complete BHA Family Pet Policy and BHA Elderly/Disabled Pet Policy and necessary forms are available at your Manager's office. The Elderly/Disabled Pet Policy was adopted and put into effect in October, 2000 and differs in some respects from the Family Pet Policy. The Family Pet Policy was adopted and put in effect in April, 2002. The following is only a summary of the Pet policies. The complete Elderly/Disabled Pet Policy and Family Pet Policy are supporting documents to the Agency Plan. If you have questions please consult the appropriate policy or ask your Manager.

Definitions of Pet and Assistive Animal:

A pet is defined as a domesticated animal of a species that is commonly kept as a household pet in the community, such as a cat, dog, or canary. A monkey, snake, or spider is an example of an animal that is not commonly kept as a household pet in the community. An assistance or service animal provides assistance to a person with disabilities; in compliance with 24 CFR 960.705, this policy does not apply to such animals that reside in public housing or that visit BHA properties. For further information on assistance and service animals, please refer to the BHA Assistance and Service Animal Policy, which is found in the Appendix of the BHA Reasonable Accommodation Policy.

Types and Number of Pets Allowed:

Family Developments, a maximum of two pets: a cat or a dog, and either a caged bird or birds, or a fish tank not to exceed 20 gallons will be allowed in studio, one- and two- bedroom apartments. However, in place of the fish tank or the birdcage, an animal cage of equivalent size housing a reasonable number of hamsters, guinea pigs, ferrets, or gerbils may be kept. A maximum of three pets: a cat or a dog, a caged bird or birds, and a maximum 20-gallon fish tank will be allowed in apartments of three bedrooms or more. Again, in place of the fish tank or the bird cage an animal cage of equivalent size housing a reasonable number of hamsters, guinea pigs, ferrets or gerbils may be kept. A reasonable number of fish or other animals appropriately kept in an aquarium (such as a frog or iguana) will be permitted in a maximum 20-gallon fish tank. A reasonable number shall be the number of animals or fish that may be kept in a similarly sized cage or tank as recommended by a veterinarian.

Elderly/Disabled Developments, a maximum of one cat or dog is allowed per

Supplement to HUD Form 50075-ST(1): Plan Elements

apartment. No elderly/disabled resident shall have more than two birds. No resident shall have more than one aquarium, which shall not have a capacity of more than 20 gallons. A reasonable number of fish or animals suitable for keeping in an aquarium will be permitted. A resident may have a birdcage and an aquarium. Any resident who has a dog or a cat may, in addition, have either an aquarium or a bird but not both. For example you may have a poodle and a canary or a Siamese cat and a canary or a poodle and an aquarium.

Pets of vicious or aggressive disposition deemed by management to be potentially harmful to the health and safety of others are prohibited.

Family Developments, no pet will be permitted which is expected to exceed 50 pounds in weight at maturity.

Elderly/Disabled, no pet may exceed 40 pounds in weight or 20 inches in height at maturity.

All dogs and cats over the age of 6 months must be spayed or neutered unless there is certification from a licensed veterinarian that the performance of the procedure will compromise the health of the pet.

Pet Ownership Rules:

A tenant who wishes to add any new pet must apply in writing at their development management office. The Tenant is responsible for proper care, vaccinations, municipal registration (as applicable), and clean up after their pet anywhere on BHA property, as well as the provision of identifying tags for dogs and cats. No pet is to remain unattended, without proper care for more than 24 hours. The tenant is responsible and must pay for the cost of all materials and labor required to repair any damage caused by the pet. The tenant is responsible for insuring that the rights of other tenants are not infringed upon with regard to health, safety, or peace and quiet enjoyment. The Tenant will allow the BHA to inspect their unit as required to ascertain compliance with this policy. Pets currently being kept by BHA residents that have been properly identified to site management will be grandfathered into this policy. No pet ownership fee will be charged for these pets but owners must prospectively comply with this policy.

Non-Compliance:

Violations of these rules will be considered a violation of a material term of the lease. The development manager may require the removal of a pet upon violation of these rules, or commence eviction procedures. All lease enforcement and eviction actions taken as a result of this policy will comply with the BHA's Lease and Grievance Procedures.

11. Asset Management

1. Yes No: Is the PHA engaging in any activities that will contribute to the long-term asset management of its public housing stock, including how the Agency will plan for long-term operating, capital investment, rehabilitation, modernization, disposition, and other needs that have not been addressed elsewhere in this PHA Plan?

2. What types of asset management activities will the PHA undertake? (select all that apply)

Not applicable

Private management

Development-based accounting

Comprehensive stock assessment

Other: (list below) strategic redevelopment planning; reorganization for Asset Management staffing functions

3. Yes No: Has the PHA included descriptions of asset management activities in the optional Public Housing Asset Management Table?

12. and 13. Substantial Deviation / Significant Amendment / Modification

(a) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification".

Definition of "Substantial Deviation" and "Significant Amendment or Modification":

In the Final Rule issued on 12/14/99, HUD provides that, while PHAs may change or modify their plans or policies described in them, any "significant amendment or modification" to the plan would require PHAs to submit a revised PHA plan that has met full public process requirements. The statute also requires that PHAs define "significant amendment or modification" of the Annual Plan and "substantial deviation" from the 5- Year Plan themselves, by stating the basic criteria for such definitions in an annual plan that has met full public process requirements, including Resident Advisory Board review. The BHA will consider the following actions to be significant amendments or modifications:

- A change which would significantly affect current rent or admissions policies or organization of a waiting list in the Public Housing programs;
- A change which would significantly affect current rent policies in the Section 8 Program;
- A change to admission policies or organization of a waiting list in the Section 8 Program which would impact more than 5% of the total number of HCVP vouchers in the BHA's portfolio.
- Additions of non-emergency work items not included in the current Annual Statement, 5-Year Action Plan, over \$8 million or 20% of total CFP, whichever is greater;
- A substantial change to the demolition or disposition, designation, homeownership programs or conversion activities as described in the presently approved Agency or Five-Year Plan.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements or federal statutory requirements; such changes will not be considered significant amendments by HUD.

As part of the Rental Assistance Demonstration (RAD), BHA is redefining the definition of a substantial deviation to exclude the following RAD-specific items:

- a. The decision to convert to either Project Based Rental Assistance or Project Based Voucher Assistance;
- b. Changes to the Capital Fund Budget produced as a result of each approved RAD Conversion, regardless of whether the proposed conversion will include use of additional Capital Funds;
- c. Changes to the construction and rehabilitation plan for each approved RAD conversion; and
- d. Changes to the financing structure for each approved RAD conversion.

Faircloth and Faircloth-to-RAD

Planning is underway for mixed-finance activities to take advantage of BHA’s Faircloth capacity —including the new Faircloth-to-RAD mechanism articulated by HUD in July 2023 in its Notice H-2023-08 PIH-2023-19 (HA) and subsequently rebranded by HUD as “Restore-Rebuild”.

In 2023 BHA and the City of Boston issued a joint RFP (Request for Proposals) for the City’s West End Library site in order to incorporate Faircloth (and now Faircloth-to-RAD) Restore-Rebuild units in a redevelopment of the site.

In late 2023 and again in 2024, BHA issued solicitations (RFQs or RFPs) for proposals to develop Restore-Rebuild Faircloth-to-RAD units as part of private affordable housing developments.

BHA has also worked closely with the City of Boston to identify Restore-Rebuild Faircloth-to-RAD opportunities at what the City considers “High Opportunity

*UFAS or Wheelchair units are exempt from the Designated Housing Plan. Elderly 80% shows of the available units how many are designated for the elderly, while Non-Eld Dis 20% shows of the available units how many are designated for the Non-Elderly Disabled. The final three columns 0 BR, 1 BR, and 2 BR shows the total number of units at the site with those bedroom sizes reflected in the available unit totals.

**Only includes units at 295 and 297 Centre Street, units #'s BP0003 - BP0028 and BP0033 - BP0056. Overall, this is a family development but these units are set aside for the elderly and non-elderly disabled and have their own site-based waiting list.

18. Conversion of Public Housing to Tenant-Based Assistance

Boston Housing Authority Voluntary Conversion from Public Housing to Tenant-Based Assistance Initial Assessment

The Boston Housing Authority determined a Per Unit Monthly (PUM) cost for covered (general occupancy) developments including operating costs with tenant contribution (\$2155.87) and capital (\$528.99) for a total of \$2684.86 PUM as of **September 2025**. We then compared that to the average Housing Assistance Payment at \$2190.81 plus the tenant's contribution at \$620.63 that amounted to \$2811.44 PUM as of **September 2025**. Therefore, the change to tenant-based assistance would not be cost effective in most cases. The BHA is not subject to computing the mandatory conversion calculation because none of our developments meet the 15% vacancy standard for identifying public housing developments subject to the required conversion. The above formula applies to the following developments:

19. Conversion of Public Housing to Project-Based Assistance under RAD

See the Rental Assistance Demonstration attachment to the Annual Plan compiled in accordance with guidance included in Revision 4 of the RAD Notice, H-2019-09 PIH 2019-23, REV-4.

20. Occupancy by Over-income Families

| BHA has including included in its Admissions and Continued Occupancy Policy (ACOP) Section 9.4 a policy for over-income families.

21. Occupancy by Police Officers

| See Admissions and Continued Occupancy Policy (ACOP) section 10.6.5 for policy on Occupancy by Police Officers. BHA doesn't have any units officially occupied by law enforcement officers as reported in PIC.

22. Non-Smoking Policies

NON-SMOKING POLICY from Section 18 of the BHA Public Housing Lease

A. Purpose of Non-Smoking Policy. The parties (BHA and the Tenant/Resident) desire to mitigate (i) the irritation and known health effects of secondhand smoke; (ii) the increased maintenance, cleaning and redecorating costs from smoking; (iii) the increased risk of fire from smoking; and (iv) the higher costs of fire insurance for a non-smoke-free building.

B. Definition of Smoking. The term "smoking" means inhaling, exhaling, breathing, or carrying or possessing any lighted cigarette, cigar, pipe or other tobacco product or similar lighted product in any manner or in any form.

C. Non-Smoking Area. Resident agrees and acknowledges that the premises to be occupied by Resident and members of Resident's household and any interior common areas, including but not limited to community rooms, community bathrooms, lobbies, reception areas, hallways, laundry rooms, stairways, offices and elevator, within all living units, and within a specified distance from building(s), as determined by the property manager in consultation with the residents, including entry ways, porches, balconies and patios have been designated as a Non-smoking living environment. Resident and members of Resident's household shall not smoke anywhere in said Non-Smoking Area, including in the unit rented by Resident, the building where Resident's dwelling is located, or in any of the common areas or adjoining grounds of such building including the steps, patios or yards, nor shall Resident permit any guests or visitors under the control of Resident to smoke in said Non-Smoking Area.

D. Resident to Promote Non-Smoking Policy and to Alert Landlord of Violations. Resident shall inform Resident's guests of the non-smoking policy. Further, Resident shall promptly give Landlord a written statement of any incident where tobacco smoke is migrating into the Resident's unit from sources outside of the Resident's unit.

E. Landlord to Promote Non-Smoking Policy. Landlord shall post no-smoking signs at entrances and exits, in common areas, and in conspicuous places adjoining the grounds of the Non-Smoking Area.

F. Landlord Not a Guarantor of Smoke-Free Environment. Resident acknowledges that Landlord's adoption of a non-smoking living environment does not make the Landlord or any of its managing agents the guarantor of Resident's health or of the non-smoking condition of the Resident's unit and the common areas. However, Landlord shall take reasonable steps to enforce the

non-smoking terms of this leases and to make the Non- Smoking Area as smoke-free as is reasonably possible. Landlord is not required to take steps in response to smoking unless Landlord knows of said smoking or has been given written notice of said smoking.

G. Effect of Breach and Right To Terminate Lease. A breach of this Section of the Lease shall give each party all the rights contained herein, as well as the rights otherwise contained in the Lease. A material or continuing breach of this Section shall be a material breach of the Lease and grounds for termination of the Lease by the Landlord. **Tenant acknowledges that the remedy for smoking within the apartment may be the assessment of a charge of up to two hundred-fifty dollars (\$250.00) for each smoking incident. Charges will be used by the BHA towards the costs of refurbishing the apartment.**

H. Disclaimer by Landlord. Resident acknowledges that Landlord's adoption of a non- smoking living environment, does not in any way change the standard of care that the Landlord or managing agent would have to a resident household to render buildings and premises designated as non-smoking any safer, more habitable, or improved in terms of air quality standards than any other rental premises. Landlord specifically disclaims any implied or express warranties that the building, common areas, or Resident's premises will have any higher or improved air quality standards than any other rental property. Landlord cannot and does not warrant or promise that the rental premises or common areas will be free from secondhand smoke. Resident acknowledges that Landlord's ability to police, monitor, or enforce the provisions of this Section is dependent in significant part on voluntary compliance by Resident and Resident's guests, as well as by other residents and guests in other parts of the Non-Smoking Area. Residents with respiratory ailments, allergies, or any other physical or mental condition relating to smoke are put on notice that Landlord does not assume any higher duty of care to enforce this Section than any other landlord obligation under the Lease.

23. Project-Based Vouchers

Project-based Vouchers: Boston Housing Authority Section 8 Project Based Voucher Program

Background

As a result of the Fiscal Year 2001 HUD Appropriations Act, regulations were issued incorporating the Project Based Assistance requirements into the merged voucher program. These regulations were originally published in the Federal Register on January 16, 2001 and permitted the BHA to enter into a housing assistance payments (HAP) contracts with otherwise qualified owners provided the HAP contracts were in congruence with the PHA Plan (see 42 U.S.C. 1437c-1, implemented at 24 CFR part 903.) HUD defines “consistency with the PHA Plan” as a demonstration by the PHA that circumstances exist that indicate that project basing of the units, rather than tenant-basing of the same subsidy assistance is an appropriate option. Subsequently, HUD promulgated the Project Based Voucher Program; Final Rule on October 13, 2005, incorporating therein the sum and substance of the January, 2001 Initial Guidance. The following discusses the BHA’s implementation of this important policy tool.

PHA Plan

HUD's initial guidance published January, 2001 and again incorporated into the October, 2005 final rule specifies that PHAs that wish to use the project-based voucher option must attach a statement to the PHA Plan template. 66 Fed. Reg. 3608.

___: The statement must include the projected number of project-based units and general locations, and

___: how project basing would be consistent with the PHA plan.

The Projected Number of Project Based Units

Under the Project Based Voucher (PBV) regulations, the BHA has the option to convert up to 20% of our tenant based voucher allocation to project based assistance. With the BHA's present portfolio size of 16,65117,676 units, 20% would equate to 33303535 units. The BHA can use an additional 10 percent of their Housing Choice Vouchers for PBVs that: (a) assist veterans or people experiencing homelessness, (b) are located in properties that provide supportive housing to older adults or people with disabilities, or (c) are located in areas where the poverty rate is 20 percent or less. The additional 10% limitation brings the limit to 4,9955301. Additionally, PBVs that were converted from Public Housing do not count against the BHA in the 20 percent and additional 10 percent limits. By the end of BHA Fiscal Year 20242025, the BHA anticipates that it will have more than 40004600 units under contract in its PBV Program.

In 2024-2025 and 2025-2026, BHA anticipates a number of PBV projects that will be excluded from the 20% threshold as they will result from Public Housing developments converted under HOTMA and through RAD. Currently, there are 471 RAD PBV units under contract that would be excluded from the 20% threshold calculation. Further, the BHA has 10-39 RAD units converted from its Moderate Rehabilitation Program. Mainstream vouchers, VASH vouchers and units in areas of low poverty concentration which are project based can also be excluded. For information regarding specific details on the sites that are being redeveloped please see Attachment D-B to the Section 8 Administrative Plan.

The BHA may grant project based vouchers only if the contract is consistent with the goals of deconcentrating poverty and expanding housing and economic opportunities. Projects may not be sited in areas where the census data reflects a poverty rate of greater than 20% unless there is evidence that the project will further deconcentration goals. All of the BHA's Project Based Vouchers under lease have met HUD's requirements listed above regarding the location of projects.

Future Siting of Section 8 Based Voucher Projects: Strategic Investment

The PBV rules permit a PHA to give an award of PBV vouchers if a developer has successfully obtained financing from other competitive rounds; where an award of PBV assets was not contemplated. In the event that resources permit and an otherwise qualified project is presented, the BHA reserves the ability to review individual requests.

Future PBV project sites should have strategic importance for the social or economic well-being of the community. This should be demonstrated both by an analysis of how the proposed project will meet a specific community need as well as by the level of public support for the project. By necessity, this will vary depending on the type of project being proposed. The following guidelines should be considered:

Construction type: New construction projects have the greatest physical impact on the surrounding community, and thus should provide a clear justification for the choice of location and how the project will impact (positively or negatively) the immediate surrounding neighborhood. Adaptive reuse projects should justify the impact of the converted use on the surrounding area. The rehabilitation of vacant/abandoned buildings should explain why the particular building(s) was selected and the impact its restoration will have on nearby properties and the neighborhood.

Preservation projects of occupied buildings generally may or may not have any impact on the surrounding neighborhood. Finally, larger projects of any type tend to have greater impacts than smaller projects.

Neighborhood needs: Neighborhood needs can be demonstrated in several ways. The most significant method, for example, is when the project is the outcome of a participatory neighborhood planning process that has identified the strategic importance of specific sites and buildings as part of a larger neighborhood development plan. A similar though less formal method is when a building or site has been identified by a community group as very important for redevelopment (e.g. perhaps it is a major eyesore at a key location). Neighborhood needs may also be supported by data that demonstrate there is a shortage of a particular housing type (e.g. units for single people, large families, etc.).

Citywide needs: If the project is intended to serve more of a citywide housing need -- for example, supportive housing for the disabled, elderly, veterans, and/or homeless -- the applicant should provide information supporting the need for that housing and as well as the choice of location versus other possible locations.

Community support: Ideally, all projects will have already established firm community support. This is not always possible, however. The project should be able to demonstrate local neighborhood support and/or the support of citywide organizations, to the extent the project is serving a broader citywide need. If support has not been established at the time of application, the applicant must submit a plan for further outreach that is appropriate to the type of project being proposed. It is important for projects serving citywide needs to establish meaningful contact with local abutters and neighborhood organizations. It is also important to establish a greater level of support for projects that will have significant physical impacts (e.g. a large new construction project). Final funding commitments will be made only following successful completion of the outreach plan.

How Project Basing is Consistent with the PHA Plan: The BHA has elected to convert tenant-based assistance to project based assistance to encourage new construction, rehabilitation, and preservation. As part of that strategy, the BHA will actively be seeking sites to fully utilize its Faircloth (to RAD) authority, subsequently rebranded by HUD as Restore-Rebuild.

Project based housing provides long term assets which are dedicated to housing persons of low income, as well as special needs tenants. These units will not experience fluctuations in availability and price to which the general housing market is subject.
