

Designery Program

Named for its focus on architecture and design, the 7 to 10 week sessions are geared towards high school students who want an enriching afterschool or summer experience. As Intern Designers, students get:

- A daily stipend dispersed every two weeks
- Fundamental visual, graphic, modeling and design thinking skills
- Life and job readiness skills
- Leadership in community improvement projects
- Opportunities to work with Boston teens from around the city

Outstanding and mature graduates receive opportunities to get paid internships with professional design firms in the Boston area.

NOW ACCEPTING APPLICATIONS
